## RUSSIANS VICTORS IN LAND BATTLE

### Eighteen Hundred Japanese Prisoners Reported Taken.

SPECIAL TO THE DAILY DISPATCH.

Chefoo, March 19.—A private dispatch has been received here from Mukden which states that a battle has taken place on the Yalu river in which the Russians claim to have captured eighteen hundred prisoners.

## LEAVES VLADIVOSTOK

RUSSIAN FLEET DEPARTS FOR A  
DESTINATION THAT IS NOT  
MADE PUBLIC.

BUILDINGS ARE ALL INTACT

JAPANESE BOMBARDMENTS DID  
LITTLE PROPERTY DAMAGE  
AT PORT ARTHUR.

Paris, March 19.—The Petit Parisien's St. Petersburg correspondent telegraphs as follows:

"I learn from a sure source that the Russian Vladivostok squadron has left port. The officials absolutely refuse to discuss the destination of the squadron. Seventy-two hours have passed since the ships left Vladivostok."

ATTEMPTS RESULT IN FAILURE.

Russian Squadrons Balked in Efforts  
to Unite.

London, March 19.—Vague rumors of unsuccessful attempts of the Port Arthur and Vladivostok fleets to join hands is about the only news from the far East received here.

The Newchwang correspondent of the Times, cabling under Friday's date, asserts that there are no Japanese north of the Yalu river and that not any of their scouts have been seen there since the beginning of March. On the other hand, the correspondent says, the Russians are reported to have crossed the Yalu to the south, leaving a small force to guard the river.

NO BUILDINGS DEMOLISHED.

But the Japanese Bombardment Cost  
a Few Lives.

St. Petersburg, March 19.—A correspondent of the Associated Press, who has just visited Port Arthur, telegraphs from Mukden as follows:

"Despite the various bombardments at Port Arthur, the external aspect of the city remains unchanged although the enemy fired an enormous number of projectiles. The marine monsters in the harbor look like enormous black hulls and the battleships and cruisers bear marks of the fighting. The black clouds of smoke vomited from their stacks overhang the town. The cruiser Pallada stands almost ready in the dock."

"Near the entrance of the harbor can be seen the charred wrecks of the Japanese fireships. Aboard one of the farthest out was found the body of a Japanese officer, who had shot himself. Beside him lay a chart showing the course of the fire ships and the spot where they sank."

"Six hours of firing by the heaviest guns during the last bombardment did not demolish a single building, but cost a few lives. The husband and children of Baroness Franke, who was decapitated by fragments of shells flying in through the window, were unhurt."

"The enemy in endeavoring to stand as far as possible outside the range of the Russian batteries rendered their own fire ineffective. The people are getting used to the bombardment and the Japanese squadron cruising in the offing causes little alarm. Occupations are assuming their wonted course and many stores have been reopened."

Women Refuse to Leave.

"Not a few women heroically refused to leave Port Arthur, regardless of the tragic death of Baroness Franke. During the height of the cannonading one woman, carrying dressings for wounds, wandered the streets ready to afford aid to the wounded."

"A branch of the Russo-Chinese bank is doing business and many wives of Russian soldiers are returning as sisters of mercy. The land defenses are being strengthened every day and the troops are eager to fight. The gaiety and good spirits of the troops is surprising."

"During the engagements between the Russian and Japanese torpedo boat destroyers the boats came in very close, being within two fathoms' length of each other. The torpedo

from the Russian destroyer Vlastini tore off the stern of one of the enemy's destroyers, her captain standing on the bridge as she sank amidst wild cries.

"The Japanese squadron is now reckoned to consist only of the battleship Shikishimi, the Hatsuse, the Yashima, the Mikasa, the Asaki and the Fuji."

"Port Arthur is exceedingly gloomy at night, all lights being out. Pickets patrol the streets, stopping all pedestrians."

"Three Chunchuses (Chinese bandits) a few days ago attacked a house in the center of the town. The master of the house killed two of them and a third was killed by the officers. The understanding at Port Arthur is that the Japanese are proposing to effect a landing west of the Liao river."

CHINA REMAINS OBDURATE.

Russian Threats Fail to Effect Recall  
of Troops.

London, March 19.—The Standard's Tientsin correspondent says that Paul Lessar, Russian minister to China, has renewed his protest against the dispatch of Chinese forces outside the great wall, and intimated that unless they are withdrawn Russia may be compelled to act on the assumption that China is abandoning her neutrality in favor of Japan. The minister is also reported to have renewed his threat that on the slightest movement on China's part, Russian troops will march on Peking. It is understood that in reply to this, the correspondent adds, China refused to recall her troops.

A report from Newchwang says a band of Manchurian brigands descended upon a Russian outpost near Pan-lachan, close to Port Arthur, and compelled the Russians to retreat, leaving two Maxim guns on the field.

The Russian flag which had been flying on the public building at Newchwang has been hauled down and replaced by the French emblem.

JAPS OCCUPY PINGYANG.

Viceroy Alexieff Says Infantry and Artillery Hold Korean Town.

St. Petersburg, March 19.—Under Friday's date Viceroy Alexieff writes to the emperor from Mukden as follows:

"General Mishtchenko reports that Pingyang is occupied by Japanese infantry with some guns and that Korean carts are carrying their supplies. The enemy's cavalry is not visible in large bodies, and only isolated horsemen are seen. Their horses are poor."

"Our patrols discovered the presence of the enemy's infantry on the banks of the Chongchong river, five versts (about three and a third miles) from Anju. The enemy opened fire and killed one of our horses."

WOULD INVADE JAPAN.

Czar Favors Ending the War in Mikado's Territory.

St. Petersburg, March 19.—Even though the bombardment continues, the military authorities express the utmost confidence in Japanese inability to effect a landing in the vicinity of Port Arthur or Dalny, declaring two attempts have already been repulsed. The fund for the augmentation of the fleet is growing daily. It is proposed to build some battleships and cruisers in France.

The czar is resolved, after clearing out Korea, to end the war in Japanese territory.

STRUCK BY A FLOATING MINE.

How Japs Encompassed Destruction of the Boyarin.

St. Petersburg, March 19.—Concerning the loss of the armored cruiser Boyarin at Port Arthur, a private letter received here says that the vessel was struck by a floating mine dropped by the Japanese. Naval engineers are preparing to raise the Boyarin, though it is considered doubtful that she will be fit for fighting purposes as it is feared that the tremendous concussion sustained from the explosion of the floating mine has more than likely strained the frames.

Russia Asks Pointers From Nansen.

Moscow, March 19.—The provincial government of Moscow has asked Dr. Nansen, the Norwegian explorer, for information concerning the kind of conserves which proved most satisfactory during his polar expedition. Dr. Nansen's experience will be useful in enabling the province to arrange for the supplies for the Manchurian army.

## CAUSES A STAMPEDE

FAILURE OF "COTTON KING" SULLY PRECIPITATES A PANIC ON  
NEW YORK EXCHANGE.

MARKET GOES ALL TO PIECES

COTTON FALLS ABOUT THIRTEEN  
DOLLARS A BALE FROM THE  
DAY'S HIGHEST POINT.

New York, March 19.—Daniel J. Sully, the cotton operator who for fifteen months has been the biggest figure in the cotton markets of the world and who has "bullied" cotton from seven cents a pound to over seventeen, announced his inability to make good his engagements on the New York Cotton Exchange Friday. Within a few moments cotton fell nearly thirteen dollars a bale from the highest figures of the day.

Scenes such as followed the announcement of the failure it has been the privilege of few brokers to witness before. Traders in the street have witnessed stock panics in previous years; corners have been broken and many crashes have been recorded; but none has been accompanied by such frenzy and confusion.

While there had been no premonition of the impending crash no morning of the season had witnessed a more demoralized market. In less than ten minutes after the opening a cent had been taken off the price of cotton. Prices went up and down, 10, 20 and 30 points, within two and three minutes. May opened at 15.25 and sold down to 14.75 in less than fifteen minutes, while July, opening at 15.22, went down to 14.86. Toward the end of the first half hour early sellers started to cover and there was a rapid advance. There was nothing in the news to account for the excitement. It seemed merely a renewal of bear operations and the catching of further stop orders.

Shortly after the afternoon session there was a lull in the pit, and at about 2:05 o'clock the announcement of the suspension was made by Superintendent King, who read from the rostrum this notice from Daniel J. Sully & Co.:

"We regret that we are unable to meet our engagements and will therefore have to suspend."

Ominous Quiet Reigned.

For a few seconds there was an ominous quiet over the floor as though the news had stunned all within hearing of the announcement. Then with one impulse a mighty shout went up from the bears—they who had been fighting Sully and the bull clique for months. Hats were thrown into the air to fall where they would, and he trampled upon by the stampede for the pit that came a moment later. Coats were torn by frantic brokers in their mad effort to unload their holdings and chairs and campstools were dashed into the pit to emphasize some wild brokers' offer to sell.

Messengers were soon rushing in and out of the building with orders to sell or buy; telephone booths were besieged and telegraph offices were flooded with dispatches.

It was estimated that something like 750,000 bales of cotton were traded in during the twenty minutes of panic that followed the announcement, and that of this upward of 500,000 bales represented "forced liquidation" or the selling out of men whose margins have been nearly or quite wiped out. As the market slumped 250 points during this period the loss falling on this element amounted to something over a million dollars.

The market steadied after about twenty minutes; and then there was a sudden upward shoot of about an even 100 points. This sharp upward rise was brought about by the buying of brokers and speculators who saw that the market had slumped too far and would react just as it did. The buying rush was almost as exciting and just as noisy as the panic.

The announcement of Sully's suspension was put on the tickers everywhere within a few moments after it was made; and there was somewhat of a flurry on the floor of the New York Stock Exchange after the news reached there. Mr. Sully is a member of that exchange but as he had not dealt in stocks the market was reassured and stocks went up again.

Mr. Sully refused to make a statement, but it is claimed the firm will pay its debts in full. The suspension is attributed to the impossibility of meeting demands for large sums of money due the Sully firm from European sources.

GREAT PANIC AT NEW ORLEANS.

Sully Failure Causes a Wild Stampede on Cotton Exchange.

New Orleans, March 19.—The announcement of the failure of Sully, the "Cotton King of New York," Friday created the greatest panic ever seen on the New Orleans Cotton Exchange. Prices melted away until they were 19 and 10 a bale lower than Thursday's close and every moment the fear was that local firms would go to the wall. When the panic was over and the commercial integrity of the local cotton trade was found intact, a great sigh of relief went up from the room, although scores of small opera-

tors were wiped out and heavy losses had lost fortunes.

Soon after 1 o'clock private telegrams from New York had said "Sully suspended" and for the next three-quarters of an hour scores of the most prominent business men of the city engaged in a rough and tumble fight in their efforts to get near the ring and dump their cotton on an overloaded market. Prices tumbled downward 10 and 20 points at a time and still the selling continued.

At 1:45 p. m. the panicky feeling had ceased to some extent and brokers were able to extricate themselves from the ring, and find out just what the situation was. They found prices 19 to 20 a bale lower than Thursday's closing, May being 181 points down at 13.30 and July 197 points down at 12.50.

When it was found that no local firm was embarrassed by the failure prices showed a wonderful recovery.

At the close the tone was steady and May showed a recovery of 13 points, while July had recovered 29 points. On the curb the recovery was even more marked. May regained 31 points more at 13.74 and July regained 29 points at 14.08.

EXCITEMENT IN CHICAGO.

But News of Sully Failure Came Too Late to Create a Panic.

Chicago, March 19.—The news that Daniel Sully, the "cotton king," had suspended payment in New York caused considerable excitement on the Chicago board of trade, but as the failure did not become generally known until a few minutes before the session closed, the panic that might have followed the announcement was avoided. As it was there was a decided drop in prices, particularly in provisions, in which Sully is said to have direct dealings. May lard sold from \$7.05 to \$6.82½ and May ribs dropped from \$6.75 to \$6.57½. A drop of 2½c in May wheat and 1½c in May corn was generally ascribed to the failure.

Early in the session an uneasy feeling developed among traders. The bear tendency was not slow to spread, although the real drop did not come until the statement was made to the traders that Sully had suspended. With the announcement of the failure the tendency appeared to change to the selling side and the market closed in an uproar with the majority of traders trying to dispose of their holdings.

CHICAGO IS DELINQUENT.

Has Not Advanced Money for Republican Convention.

Washington, March 19.—It was said last night by a member of the Republican national committee that Chicago has not yet placed to the credit of the committee any part of the \$75,000 which Mr. Samuel Raymond, one of the local committee which secured the convention for Chicago, agreed should be put up to guarantee expenses. Shortly before Senator Hanna's death Senator Hanna notified the Chicago committee that \$15,000 or \$20,000 should be deposited subject to the check of the secretary of the committee to defray preliminary expenses of the committee. Some bills having arrived, the matter was again brought to Mr. Raymond's attention, whereupon the latter replied that the local committee had been disappointed in collecting subscriptions, and did not have the money asked for; but Mr. Raymond requested the committee to draw on him for any expenses that might be incurred meanwhile. This reply was not acted on; but two days ago another letter was sent directing the deposit of a once of \$20,000 in a trust company of Chicago subject to the check of the committee on arrangements. Unless this is done, the executive committee of the national committee will probably be called together to decide what should be done about the matter.

Chicago, March 19.—It is positively denied by members of the Chicago committee that visited Washington for the purpose of securing the national Republican convention, that any of the demands of the national committee have not been complied with.

ACCUSED OF FOUR MURDERS.

Malanka Narancio Under Arrest at Stockton, Utah.

Salt Lake City, March 19.—Malanka Narancio, a Greek, was arrested at Stockton, Utah, Friday, charged with committing four murders, two of them in Chicago. The arrest was made at the instance of Detective Sergeant Charles K. Hertz of the Chicago police force, who will take the prisoner back with him as soon as requisition papers can be obtained. Narancio is said to have killed his sweetheart in Austria four years ago, his brother-in-law in Greece two years ago, and two men in Chicago, one three years ago and the other five months ago.

FIVE TRAMPS KILLED.

Perish in Train Wreck While Stealing a Ride.

Trinidad, Colo., March 19.—Five unknown tramps who were stealing a ride were killed in a freight wreck on the Colorado and Southern railway at Mayne, a small station forty miles north of here, Friday night. The engine and five cars of the train are piled in a ditch and the bodies of the victims of the wreck have not been recovered. The accident was caused by a broken rail.

## PROMOTION OF WOOD

SENATE CONFIRMS NOMINATION  
AS MAJOR GENERAL AFTER  
A LONG CONTEST.

OPPOSITION HAD WEAKENED

DEATH OF SENATOR HANNA  
MOVED THE LEADER OF THE  
ANTI-WOOD FORCES.

Washington, March 19.—By the action of the senate in executive session Friday Brigadier General Leonard Wood became a major general, taking rank from Aug. 8, 1903, the day President Roosevelt made the promotion. The contest against his confirmation has been a notable one, beginning Nov. 19, 1903, soon after congress convened in special session, and continuing through the present session until Friday, when, by a vote of 45 to 16, the nomination was confirmed. The late Senator Hanna was recognized as the leader of the forces opposed to General Wood and had it not been for his death before the disposition of the case, it is conceded that the vote would have been much closer. It has not been believed at any time since the contest opened, however, that the fight against confirmation would be successful.

Five Democratic senators voted with the majority in favor of confirmation. They were Senators Cockrell, Pettus, Patterson, Clarke of Arkansas, and Dubois. The negative vote on the confirmation was as follows: Bacon, Berry, Blackburn, Clarke (Montana), Culberson, Gibson, Lattimer, McCreary, McLaurin, Mallory, Martin, Money, Newlands, Simmons, all Democrats; and Kittredge and Scott, Republicans.

Senators Foraker, Alger, Teller and Scott were scheduled for speeches Friday, but when the senate reconvened, Senator Foraker was approached by the opponents of General Wood. It was admitted then that the contest against confirmation was lost and there was nothing to be gained by carrying the case over to Saturday. An agreement therefore was reached whereby no more speeches were made and the vote was taken about 2 p. m.

Dependent upon the confirmation of General Wood were 167 promotions for other army officers. These have been held up since their nominations were made by the president, but now will be confirmed without opposition. They include twenty colonels promoted to be brigadier generals on the retired and one brigadier general on the active list, and officers ranking from colonels down to second lieutenants. As all no doubt will be speedily confirmed, according to military authority they will take rank and pay from the time they were first appointed to fill vacancies.

SHORT SESSION IN HOUSE.

Members Discuss the Postoffice Appropriation Bill.

Washington, March 19.—The house was in session a little over three hours Friday, an early adjournment being taken to permit members to make a trip to the site of the proposed Jamestown exposition. Although the post-office appropriation bill was under discussion the entire time, only one page was completed, making eleven pages in all disposed of. Several amendments were adopted, the principal one being the inserting of a new paragraph in the bill providing for an appropriation of \$500,000 for "unusual business" at third and fourth class postoffices. The postmaster general, however, is required to make public the regulations under which the allotments are to be made before using any part of this amount and a similar requirement was imposed in the case of the expenditure of the \$1,000,000 for separating mails at third and fourth class postoffices.

MINERS WILL NOT STRIKE.

Vote by a Large Majority to Accept Operators' Proposition.

Indianapolis, March 19.—Secretary-Treasurer W. B. Wilson of the United Mine Workers announced Friday that the tellers had finished the count of the referendum vote of the miners on the operators' compromise proposition, which provides for a reduction of 5.55 per cent from the present wage scale, which resulted in a majority of 31,141 in favor of accepting the two-years' contract with the reduction.

The total vote cast by the miners' local unions in Indiana, Ohio, Western Pennsylvania, Michigan, Kentucky, West Virginia and Iowa, was 165,887, of which 95,514 voted in favor of accepting the reduction, while 67,373 voted in favor of a strike.

No official call will be made for the meeting of the joint sub-scale committee which will be held at the national headquarters of the miners' organization Monday for the purpose of signing the new wage scale, which becomes operative April 1, continuing for two years.

Hiccoughing Kills a Farmer.

La Porte, Ind., March 19.—Edward S. Caldwell, an influential and wealthy farmer, died here Friday after four days of continued hiccoughing, which resisted all treatment.

### STARK ATTEMPTS SUICIDE.

Russian Vice Admiral Tries to End His Life.  
Paris, March 19.—The Petit Parisien's St. Petersburg correspondent sends a mere rumor to the effect that Vice Admiral Stark, who has been relieved of the command of the fleet at Port Arthur, ostensibly on account of ill health, has attempted to commit suicide. There is no confirmation of this rumor from any other source.

### FATAL FIGHT AT PORT ARTHUR.

Italian Shoots One Man and Stabs Another.  
Winnipeg, Man., March 19.—John Meehan, a Canadian Pacific fireman, was shot dead, and Harry Laney, a companion, stabbed in the abdomen by Pietro Donato, an Italian storekeeper, at Port Arthur, Ont.  
It is said Meehan and several companions had been indulging in drunken horseplay in Donato's store and were ejected. Subsequently they returned, and in the scuffle incidental to their second ejection Meehan was shot over the heart and Laney stabbed. Donato immediately gave himself up to the police.

### FATAL HOTEL FIRE.

Three Persons Perish in Hostelry at Hugo, I. T.  
Paris, Tex., March 19.—The Eagle hotel at Hugo, I. T., was burned at night. John Scott, an employee of the hotel, his wife and a sister, were burned to death. A twelve-year-old son was fatally burned.

### Must Issue Return Passes.

Des Moines, Ia., March 19.—The Iowa house Friday passed a bill requiring railroads to issue return passes to stock shippers of Iowa. The measure was backed by the Iowa Meat Producers' association. The measure also requires railroads to provide proper accommodations for the stock shippers from the shipping point.

### North Dakota for Hearst.

Fargo, N. D., March 19.—In a statement Friday, J. B. Eaton, representing the state on the Democratic national committee, says he is for Hearst for president and denies interviews that he was for Parker or Cleveland. He says this state will be unanimous for Hearst.

## RUSSIANS VICTORS IN LAND BATTLE

### Eighteen Hundred Japanese Prisoners Reported Taken.

This sharp upward rise was brought about by the buying of brokers and speculators who saw that the market had slumped too far and would react just as it did. The buying rush was almost as exciting and just as noisy as the panic.

The announcement of Sully's suspension was put on the tickers everywhere within a few moments after it was made; and there was somewhat of a flurry on the floor of the New York Stock Exchange after the news reached there. Mr. Sully is a member of that exchange, but as he had not dealt in stocks the market was reassured and stocks went up again.

Mr. Sully refused to make a statement, but it is claimed the firm will pay its debts in full. The suspension is attributed to the impossibility of meeting demands for large sums of money due the Sully firm from European sources.

### GREAT PANIC AT NEW ORLEANS.

Sully Failure Causes a Wild Stampede on Cotton Exchange.

New Orleans, March 19.—The announcement of the failure of Sully, the "Cotton King of New York," Friday created the greatest panic ever seen on the New Orleans Cotton Exchange. Prices melted away until they were \$9 and \$10 a bale lower than Thursday's close and every moment the fear was that local firms would go to the wall. When the panic was over and the commercial integrity of the local cotton trade was found intact, a great sigh of relief went up from the room, although scores of small opera-

tors were wiped out and heavy losses had lost fortunes.

Soon after 1 o'clock private telegrams from New York had said "Sully suspended" and for the next three-quarters of an hour scores of the most prominent business men of the city engaged in a rough and tumble fight in their efforts to get near the ring and dump their cotton on an overloaded market. Prices tumbled downward 10 and 20 points at a time and still the selling continued.

At 1:45 p. m. the panicky feeling had ceased to some extent and brokers were able to extricate themselves from the ring, and find out just what the situation was. They found prices \$9 to \$10 a bale lower than Thursday's closing. May being 181 points down at 13.30 and July 197 points down at 13.50.

When it was found that no local firm was embarrassed by the failure prices showed a wonderful recovery.

At the close the tone was steady and May showed a recovery of 13 points, while July had recovered 29 points. On the curb the recovery was even more marked. May regained 31 points more at 13.74 and July regained 29 points at 14.08.

### EXCITEMENT IN CHICAGO.

But News of Sully Failure Came Too Late to Create a Panic.

Chicago, March 19.—The news that Daniel Sully, the "cotton king," had suspended payment in New York caused considerable excitement on the Chicago board of trade, but as the failure did not become generally known until a few minutes before the session closed, the panic that might have followed the announcement was avoided. As it was there was a decided drop in prices, particularly in provisions, in which Sully is said to have direct dealings. May lard sold from \$7.05 to \$6.82½ and May ribs dropped from \$6.75 to \$6.57½. A drop of 2½c in May wheat and 1½c in May corn was generally ascribed to the failure.

Early in the session an uneasy feeling developed among traders. The bear tendency was not slow to spread, although the real drop did not come until the statement was made to the traders that Sully had suspended. With the announcement of the failure the tendency appeared to change to the selling side and the market closed in an uproar with the majority of traders trying to dispose of their holdings.

### CHICAGO IS DELINQUENT.

Has Not Advanced Money for Republican Convention.

Washington, March 19.—It was said last night by a member of the Republican national committee that Chicago has not yet placed to the credit of the committee any part of the \$75,000 which Mr. Samuel Raymond, one of the local committee which secured the convention for Chicago, agreed should be put up to guarantee expenses. Shortly before Senator Hanna's death Senator Hanna notified the Chicago committee that \$15,000 or \$20,000 should be deposited subject to the check of the secretary of the committee. Some bills having arrived, the matter was again brought up to Mr. Raymond's attention, whereupon the latter replied that the local committee had been disappointed in collecting subscriptions, and did not have the money asked for; but Mr. Raymond requested the committee to draw on him for any expenses that might be incurred meanwhile. This reply was not acted on; but two days ago another letter was sent directing the deposit of once of \$20,000 in a trust company of Chicago subject to the check of the committee on arrangements. Unless this is done, the executive committee of the national committee will probably be called together to decide what should be done about the matter.

Chicago, March 19.—It is positively denied by members of the Chicago committee that visited Washington for the purpose of securing the national Republican convention, that any of the demands of the national committee have not been complied with.

### ACCUSED OF FOUR MURDERS.

Malanka Narancio Under Arrest at Stockton, Utah.

Salt Lake City, March 19.—Malanka Narancio, a Greek, was arrested at Stockton, Utah, Friday, charged with committing four murders, two of them in Chicago. The arrest was made at the instance of Detective Sergeant Charles K. Hertz of the Chicago police force, who will take the prisoner back with him as soon as requisition papers can be obtained. Narancio is said to have killed his sweetheart in Austria four years ago, his brother-in-law in Greece two years ago, and two men in Chicago, one three years ago and the other five months ago.

### FIVE TRAMPS KILLED.

Perish in Train Wreck While Stealing a Ride.

Trinidad, Colo., March 19.—Five unknown tramps who were stealing a ride were killed in a freight wreck on the Colorado and Southern railway at Mayne, a small station forty miles north of here, Friday night. The engine and five cars of the train are piled in a ditch and the bodies of the victims of the wreck have not been recovered. The accident was caused by a broken rail.

## PROMOTION OF WOOD

SENATE CONFIRMS NOMINATION AS MAJOR GENERAL AFTER A LONG CONTEST.

### OPPOSITION HAD WEAKENED

DEATH OF SENATOR HANNA REMOVED THE LEADER OF THE ANTI-WOOD FORCES.

Washington, March 19.—By the action of the senate in executive session Friday Brigadier General Leonard Wood became a major general, taking rank from Aug. 8, 1903, the day President Roosevelt made the promotion.

The contest against his confirmation has been a notable one, beginning Nov. 19, 1903, soon after congress convened in special session, and continuing through the present session until Friday, when, by a vote of 45 to 16, the nomination was confirmed. The late Senator Hanna was recognized as the leader of the forces opposed to General Wood and had it not been for his death before the disposition of the case, it is conceded that the vote would have been much closer. It has not been believed at any time since the contest opened, however, that the fight against confirmation would be successful.

Five Democratic senators voted with the majority in favor of confirmation. They were Senators Cockrell, Pettus, Patterson, Clarke of Arkansas, and Dubois. The negative vote on the confirmation was as follows: Bacon, Berry, Blackburn, Clarke (Montana), Culberson, Gibson, Latham, McCreary, McLaurin, Mallory, Martin, Money, Newlands, Simmons, all Democrats; and Kittredge and Scott, Republicans.

Senators Foraker, Alger, Teller and Scott were scheduled for speeches Friday, but when the senate reconvened, Senator Foraker was approached by the opponents of General Wood. It was admitted then that the contest against confirmation was lost and there was nothing to be gained by carrying the case over to Saturday. An agreement therefore was reached whereby no more speeches were made and the vote was taken about 2 p. m.

Dependent upon the confirmation of General Wood were 167 promotions for other army officers. These have been held up since their nominations were made by the president, but now will be confirmed without opposition. They include twenty colonels promoted to be brigadier generals on the retired and one brigadier general on the active list, and officers ranking from colonels down to second lieutenants. As all no doubt will be speedily confirmed, according to military authority they will take rank and pay from the time they were first appointed to fill vacancies.

### SHORT SESSION IN HOUSE.

Members Discuss the Postoffice Appropriation Bill.

Washington, March 19.—The house was in session a little over three hours Friday, an early adjournment being taken to permit members to make a trip to the site of the proposed Jamestown exposition. Although the post-office appropriation bill was under discussion the entire time, only one page was completed, making eleven pages in all disposed of. Several amendments were adopted, the principal one being the inserting of a new paragraph in the bill providing for an appropriation of \$500,000 for "unusual business" at third and fourth class postoffices. The postmaster general, however, is required to make public the regulations under which the allotments are to be made before using any part of this amount and a similar requirement was imposed in the case of the expenditure of the \$1,000,000 for separating mails at third and fourth class postoffices.

### MINERS WILL NOT STRIKE.

Vote by a Large Majority to Accept Operators' Proposition.

Indianapolis, March 19.—Secretary-Treasurer W. B. Wilson of the United Mine Workers announced Friday that the tellers had finished the count of the referendum vote of the miners on the operators' compromise proposition, which provides for a reduction of 5.55 per cent from the present wage scale, which resulted in a majority of 31,141 in favor of accepting the two-years' contract with the reduction.

The total vote cast by the miners' local unions in Indiana, Ohio, Western Pennsylvania, Michigan, Kentucky, West Virginia and Iowa, was 165,887, of which 98,514 voted in favor of accepting the reduction, while 67,373 voted in favor of a strike.

No official call will be made for the meeting of the joint sub-scale committee which will be held at the national headquarters of the miners' organization Monday for the purpose of signing the new wage scale, which becomes operative April 1, continuing for two years.

During the winter the Indians on the White Earth Indian reservation have cut nearly six and a half million feet of timber, five million feet of which was dead and down. It was these logging operations which saved the life of many of the Indians, according to Indian Agent Simon Michelet, who was in the city yesterday attending the state republican convention and conferring with Joseph R. Farr, general superintendent of logging operations for the interior department. Mr. Michelet says that the able bodied Indians were supported by the proceeds of the timber sale, while the old members of the tribe were cared for in the home for aged ones on the reservation. The winter was one of the worst in recent history. The approach of the Soo line is regarded with interest by shippers who now have a long haul out of the reservation. Mr. Michelet will take fifteen representative Chippewas to the St. Louis exposition as a part of the Indian exhibit.—St. Paul Pioneer Press

### SCIENTISTS WILL BUILD A CHURCH

They Will Build a Modern Edifice Which Will be a Credit To Brainerd.

The members of the Christian Science society held an important meeting a night or two ago at which it was virtually decided to erect a new modern church building in this city.

The society has been holding its meetings in Columbian Hall since the organization but they now claim that the hall is inadequate and they are obliged to do something.

Several sites are in mind, but they have not decided on the location yet. One influential member stated this afternoon that the building would be modern in every respect, and one of the handsomest in the city. It has not been given out what the cost will be.

Mrs. Jennie Daniels left this afternoon for Duluth for a visit.

Supt. Cook, of the Brainerd Lumber company left for Minneapolis this afternoon.

Last evening Mr. Henry Stein and Mr. Joe Esmay gave a delightful dancing party in Labor hall.

Don't forget the Schuman Grand Concert company at the First Congregational church tonight.

W. B. Phelps left today for his old home in Racine, Wis., where he will make his home in the future.

Miss Mary Rosenberg and Miss Lulu Smith left for St. Paul this afternoon where they will visit for some time.

SPRING TRADE BACKWARD.

But There Are Encouraging Features in the Industrial Situation.

New York, March 19.—Bradstreet's weekly review of trade says the backwardness of spring trade, generally attributed to almost uninterrupted bad weather, tinged most reports from distributive centers, but several developments of the week have been notably favorable. Chief among these might be mentioned the arrival of much needed moisture in the critically situated Southwestern wheat belt, the continued improvement in the iron and steel trade, and the decision of the bituminous coal miners not to strike against proposed reduction of wages. Liquidation in the cereal markets and in cotton, accompanied by sharp price breaks, is also generally construed as allowing of improvement of actual consumptive demand. The railway situation shows a gain.

The weather has been cold and stormy in the West and Northwest and reports from cities in those sections, and particularly along the lakes, are of slow and backward spring trade. Very much the same advice come from leading Eastern cities. Southern reports continue good. The recent heavy rains on the Pacific coast, while damaging because of the large areas inundated in the San Joaquin and Sacramento valleys, have done much good in California, as a whole.

### A SOCIAL SESSION FOLLOWED

Brainerd Aerie, Lodge of Eagles,  
Hold a Big Meeting Last  
Night in Their Hall.

Last night Brainerd Lodge, B. P. O. E., held an important meeting at which time the officers for the ensuing year were elected. The business was followed by a social session, the like of which has not had a parallel since the organization of the lodge some three or four years ago. There was an unusually large attendance of the members last night as some interest centered about the election of an exalted ruler for the ensuing term. There was no bitter strife, however, and the results were very satisfactory and everybody will take off their coats for "the good of the order."

The following officers were chosen:  
Exalted Ruler—A. L. Mattes.  
Esteemed Leading Knight—C. D. Johnson.  
Esteemed Loyal Knight—J. J. Nolan.  
Esteemed Lecturing Knight—E. O. Webb.  
Tyler—George Abbott.  
Secretary—F. E. Low.  
Treasurer—J. A. Batchelder.  
Trustee (three years)—J. T. Frater.  
The gentlemen elected are all well known lodge men and Brainerd lodge

should flourish under their guiding hands.

Following the election of officers the social session was held and it was one of the swiftest in the history of the order. There were several visitors present including those who are not Elks who took part in the Elks minstrel entertainment. All the songs which were rendered at that time were given and there were several other interesting numbers. Col. C. D. Johnson was master of ceremonies. A feed followed and there was a general good time.

A. L. Mattes, the new exalted ruler, has been affiliated with Brainerd lodge since its organization and has been one of the lodge's most constant supporters. He has filled the office of esteemed loyal knight with credit for many years and has also been the moving spirit in the degree work, having been at the head of the degree team. He is an excellent choice for the position and it is predicted that he will reign with good judgment.

There was another important event last night when Brainerd Aerie, Order of Eagles, held a big meeting in their hall in the Columbian block. The meeting was important in that twelve buzzards were taken into the fold. The work lasted well into the night and it was followed by a big banquet and social session at which several local artists appeared to good advantage. It is said that Ed Breheny was at his best and delighted the boys with some of the songs of old days when he was a really truly minstrel man. The affair was a very pleasant one and one of the most important in the history of the local organization.

### STALLMAN PULLS OUT

Of the Race for Fire Chief and This Sim-  
mers the Fight Down Between Weit-  
zel and Bennett.

The last development in the little strife on in the fire department for the position of fire chief brings out the fact that L. H. Stallman, the present chief, has withdrawn from the race and Jos. Weitzel has entered the race. The candidates now in the field are A. H. Bennett and Mr. Weitzel. The election will not be held until April.

### A Physician's Opinion.

Dr. R. Blackburn 4134 S. Halsted St. Chicago, writes: "I have used many different liniments for sprains and rheumatism but never found one that acted so quickly, giving such instant relief and a permanent cure. Greene's Infal-  
lible Liniment is the only liniment." For chilblains, frost bites, colds in the head and chest, muscular rheumatism, sprains, cuts, burns and bruises, it is a wonder worker. The makers, J. W. Greene & Co., Eola, Ill., guarantee satisfaction or money refunded. Who could ask more? H. P. Dunn & Co.

### BIG JEWEL MINE.

A Wave of Prosperity has Struck Locality  
Where it is Situated Says the  
Port Orford Tribune.

A permanent wave of progress and prosperity has struck this mining district. That capital and miners alike have faith in the success of the mines are manifest on every side by the new locations and the work in contemplation.

No such interest has been shown since the early sixties, when the gold-seekers ran over the ground in a superficial way.

The Madden mine is to be opened up and operated on a scale never before attempted, by Mr. Olsen. By the first of April Supt. Olsen will begin with a large crew of men to construct a new flume and ditch over five miles long.

It will require over one mile of flume and Supt. Olsen is now negotiating with A. A. Jamieson for the lumber.

At Big Jewel City everything is booming, and this new town is taking on a very imposing appearance, the Big Jewel mine having this winter alone, put up nine new buildings.

A new sawmill has been built by A. A. Jamieson, with its attendant buildings, making quite an addition to the growing town.

And as soon as spring opens up and the mill gets to running full time no doubt many more new buildings will be erected.

The stormy weather has prevented a surveying crew, which has been waiting to do some surveying for the Big Jewel mine.

Referring to work done by the Big Jewel mine, this winter has been surely a severe one, and had not the work so far done by Supt. C. A. Jamieson, been done in a complete and thorough manner their properties would have suffered much damage.

Had Supt. Jamieson rushed over the work, and have possibly succeeded in getting the water on last fall, it would not have availed them much, as such hasty and temporary work would not have withstood the heavy rains, and slides would have blocked the ditch and work necessarily suspended and would have been expensive in the long run. The lofty and towering trestle stood the severe and high winds that roared up the cañons and suffered no damage whatever, testifying to the superior engineering skill of S. P. Pierce, the superintendent in charge.

Mr. C. A. Jamieson's experience this winter will be of inestimable value to the company, as the knowledge gained will prevent wasteful expenditures.

On the whole he has shown good judgment and exercised the best of management in the discharge of his duty and the upbuilding of the mining property.

The company has its pipe and giants all on the ground, and fully expected to have turned in the water last fall. But Supt. Jamieson informed us that now he was rather glad that he did not succeed in so doing, as his experience this winter showed him, although the expense to finish the ditch may be a little greater this year, the cost of maintenance will be less.

Mr. Frank Allen, a New York capitalist, has been looking over his coal mining property, recently purchased from the Tichenor heirs.

Miners and geologists predict for this county a great mining future.

Vast copper mines are among the promised possibilities.—Port Orford Tribune.

### \$100 Reward—"No Interest" Contracts.

I will pay \$100 to any holder of a contract of the National Home & Investment Co., of Duluth, who will prove that said company is under state supervision or that contract holders can get all their money back in any event.

They claim to sell some kind of a place sometime to someone who holds contract of the "lowest number not matured," without interest. Oh no! No interest charged for handling your money. They take out \$250—out of every \$1250—that's all. Or in case a contract is not "matured" in 15 months, he can pull out with \$52.50 for the \$72.50 paid in. It only costs \$20 for experience. This pays the company only \$2,000 on 100 contracts or \$20,000 on 1000 contracts. Question, Who holds the lower numbered contracts? Who are promised the property? Of course the officers would not hold any of these! Oh no! There is no evidence that the company has any paid up capital. They don't need any, so long as the contract holders furnish all the money "without interest." I will explain several other interesting points in this benevolent enterprise if anyone interested will call any evening at my office.

## PROJECT FOR ELECTRIC LINE

Between Brainerd and Mille Lac  
Lake Country being Discuss-  
ed by Farmers

### VERY MUCH INTERESTED IN SAME

Scheme on Foot to Run Line  
Through Making Power Sta-  
tion at Long Lake.

There may be a whole lot of hot air to any electric line talk between this city and Mille Lac lake, but the project is being seriously considered at the present time by the farmers along the proposed route and is considered feasible by a majority of the business men of this city.

The farmers are very much interested some of whom have proffered their services in building the road bed etc., and others having signified a willingness to subscribe \$200 in stock toward the improvement. The farmers all along the line are getting enthusiastic and claim that the work necessary could be done almost among themselves, if the business men of Brainerd could be interested.

It is proposed now, or rather it has been suggested, that a line running direct to Long lake, touching the lake at a point in Section 5 and then on by the shortest route to the lake, would be a good plan. This, it is claimed by those who are interested, would afford a power station at Long lake, and the question of power is no small matter.

It is but 16 miles to Mille Lac lake along this route and the territory through which the line would traverse would be the best in this part of the country.

It is claimed by those who are interested that it behooves the business men of Brainerd to get a hustle on, for Little Falls has the same project in view and if that city should succeed in getting the line it would take away from Brainerd a territory that would be a great loss.

A big mass meeting to be held in Brainerd is talked of, and someone will probably issue a call in a few days.

The Rice Lake hotel, near the mill, was badly scorched by fire Friday evening about 7 o'clock. The hotel was owned by the Brainerd Lumber company, but was conducted by S. A. Stanley. The loss on the building is about \$1000 fully covered by insurance.

## MUSIC AND DRAMA.

THE SCHUMANN GRAND CONCERT COMPANY.

Tonight the people of Brainerd will be accorded a treat when the Schumann Grand Concert company will appear at the First Congregational church. This company arrived from Fargo this noon and they were accorded a great reception up there last night. The past five years with this company has given the manager, J. Saunderson Gordon, much opportunity to improve and build up, and the time has been productive of a broad experience and a finish in taste and style. An entirely new set of programs has been prepared, in which that which is the most refined and the most popular in musical and dramatic literature have been happily united. Of the cellist, Miss Edith Adams, the Grand Rapids, Mich., Evening Press says:

"Miss Edith Adams, an artist of more than ordinary ability, won the hearts of the audience by her clever playing on the cello. It is not often that the public has an opportunity of hearing a woman performer on this instrument who is capable of so much."

In speaking of Miss Mary F. Sherwood, the soprano, the Toronto News says:

"Miss Mary Sherwood, who replaces Miss Kathryn Hutchinson, and who is a beautiful girl with a delightfully fresh and sweet soprano voice, was a vast improvement on the entertainment. Miss Sherwood is the daughter of William H. Sherwood, the famous pianist."

The Chicago Herald says this flattering compliment to Mrs. Goldbeck, the pianist:

Mrs. Goldbeck is unusually gifted musically, and as a pianist she possesses the requisite elements of an artist—poetic and intense temperament, excellent memory and good technical equipment. Mrs. Goldbeck is also a fine accompanist, her very ready reading and sympathy combining to make her work in this line of great value."

Mr. Edwin Rowden, the baritone, is accorded this compliment by the St. Joseph, Mo., Sunday Record:

"His singing was a great delight to the audience—with vigor of style and perfect enunciation, he gave one that absolute confidence in his ability which is only to be radiated from him who feels confidence in himself."

The tickets are only 50 cents for this entertainment. The concert will commence at 8 o'clock.

### FLORENCE STONE.

It is seldom, if ever, that an artist establishes herself in such favor with local theatre-goers as the beautiful and talented Florence Stone, who appeared here last spring in "Resurrection." The news that she will return to the Brainerd opera house next Thursday, March 24, supported by an exceptionally strong company, has aroused considerable interest in the city among our best theatre goers who crave for the best in dramatic offerings. The play selected for presentation here is "Camille."

### HOWARD KYLE.

Prominent among the plays that never seem to grow old is "Rosemary," the beautiful English romance of the last century in which Howard Kyle and a competent company will appear at the Brainerd theatre this month. "Rosemary" was first seen in this country a decade of years ago when John Drew and Maude Adams appeared in the leading parts. Mr. Kyle, according to newspaper reports, is attracting great attention throughout the country. The supporting company is said to be an unusually strong one and includes Frederick Webber, George Gaston, Henry Becker, Norman MacDonald, Alfred Conibear, Louis Ellsner, Sadie Handy, Edna Ewen and Margaret Hardy.

In speaking of Miss Mary F. Sherwood, the soprano, the Toronto News says:

"Miss Mary Sherwood, who replaces Miss Kathryn Hutchinson, and who is a beautiful girl with a delightfully fresh and sweet soprano voice, was a vast improvement on the entertainment. Miss Sherwood is the daughter of William H. Sherwood, the famous pianist."

The Chicago Herald pays this flattering compliment to Mrs. Goldbeck, the pianist:

Mrs. Goldbeck is unusually gifted musically, and as a pianist she possesses the requisite elements of an artist—poetic and intense temperament, excellent memory and good technical equipment. Mrs. Goldbeck is also a fine accompanist, her very ready reading and sympathy combining to make her work in this line of great value."

Mr. Edwin Rowden, the baritone, is accorded this compliment by the St. Joseph, Mo., Sunday Record:

"His singing was a great delight to the audience—with vigor of style and perfect enunciation, he gave one that absolute confidence in his ability which is only to be radiated from him who feels confidence in himself."

The tickets are only 50 cents for this entertainment. The concert will commence at 8 o'clock.

FLORENCE STONE.

It is seldom, if ever, that an artist establishes herself in such favor with local theatre-goers as the beautiful and talented Florence Stone, who appeared here last spring in "Resurrection." The news that she will return to the Brainerd opera house next Thursday, March 24, supported by an exceptionally strong company, has aroused considerable interest in the city among our best theatre goers who crave for the best in dramatic offerings. The play selected for presentation here is "Camille."

\*\*\*

HOWARD KYLE.

Prominent among the plays that never seem to grow old is "Rosemary," the beautiful English romance of the last century in which Howard Kyle and a competent company will appear at the Brainerd theatre this month. "Rosemary" was first seen in this country a decade of years ago when John Drew and Maude Adams appeared in the leading parts. Mr. Kyle, according to newspaper reports, is attracting great attention throughout the country. The supporting company is said to be an unusually strong one and includes Frederick Webber, George Gaston, Henry Becker, Norman MacDonald, Alfred Conibear, Louis Ellsner, Sadie Handy, Edna Ewen and Margaret Hardy.

### Be A Real Woman.

No. 805 Peace Avenue,  
HOUSTON, TEXAS, May 14, 1908.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. I was a poor excuse for a wife as I was not able to be up more than about half the time and daily grew weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong.

I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

*Mrs. Charles Mason*  
VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period.

Secure a bottle of Wine of Cardui today.

All druggists sell \$1.00 bottles Wine of Cardui.

## ELEVEN PERSONS DIE

BRITISH SUBMARINE BOAT RUN  
DOWN BY A LINER AND ALL  
ON BOARD PERISH.

Portsmouth, March 19.—The British submarine boat No. A1 was run down and sunk off The Nab lightship Friday by a Donald Currie liner, and eleven persons drowned, including Lieutenant Mansergh, the senior officer engaged in submarine work. The liner passed on and reported that she had struck a torpedo.

At the time she was struck the vessel was off the lightship engaged in the maneuvers and was lying in seven fathoms of water waiting the approach of a battleship.

The boat was one of the newest of the fleet of submarine vessels and was built from the latest models, but she has always been a bad diver. She was inspected recently by both King Edward and the Prince of Wales.

Russian Commander Deaf.

Moscow, March 13.—Mme. Stichenovitch has been informed that her husband, the commander of the battleship Retvizan, has become deaf as the result of the cannonading in repelling Japanese assaults on Port Arthur.

Vatican Not Helping Japan.

Rome, March 19.—The Osservatore Romano, the vatican organ, denies the statement that the congregation of the propaganda has instructed missionaries in Japan secretly help the Japanese.

BRITISH SUBMARINE BOAT RUN  
DOWN BY A LINER AND ALL  
ON BOARD PERISH.  
Portsmouth, March 19.—The British  
submarine boat No. A1 was run down  
and sunk off The Nab lightship Friday  
by a Donald Currie liner, and eleven  
persons drowned, including Lieut-  
enant Mansergh, the senior officer en-  
gaged in submarine work. The liner  
passed on and reported that she had  
struck a torpedo.

At the time she was struck the ves-  
sel was off the lightship engaged in  
the maneuvers and was lying in seven  
fathoms of water waiting the ap-  
proach of a battleship.  
The boat was one of the newest of  
the fleet of submarine vessels and was  
built from the latest models, but she  
has always been a bad diver. She  
was inspected recently by both King  
Edward and the Prince of Wales.

Russian Commander Deaf.  
Moscow, March 19.—Mme. Shchens-  
novich has been informed that her  
husband, the commander of the battle-  
ship Retvizan, has become deaf as the  
result of the cannonading in repelling  
Japanese assaults on Port Arthur.  
Vatican Not Helping Japan.  
Rome, March 19.—The Osservatore  
Romano, the vatican organ, denies the  
statement that the congregation of  
the propaganda has instructed mis-  
sionaries in Japan secretly help the  
Japanese.

Be A Real Woman.  
No. 805 Pease Avenue,  
HOUSTON, TEXAS, May 14, 1903.  
I was barren during the six years of married life, suffering  
with painful menstruation and a dozen other aches and pains.  
I was a poor excuse for a wife as I was not able to be up  
more than about half the time and daily grew weaker and  
weaker.  
Wine of Cardui changed me into a different woman in  
five short months, made me robust and strong.  
I am very grateful to you for my good health and am today  
blest with a baby who is the pride  
of our home  
and this is all  
due to your  
medicine.  
Mrs. Charles Mason  
VICE-PRESIDENT, HOUSTON MOTHERS' CLUB.  
Wine of Cardui brings health to sick  
women. Wine of Cardui brings children to  
barren homes.  
How can any woman refuse the health  
Mrs. Mason has? Any woman can secure ex-  
actly the same relief if she will take Wine of  
Cardui. Wine of Cardui is a certain cure for  
menstrual irregularities. It will not do impos-  
sibilities but it does cure bearing-down pains,  
makes motherhood possible for barren wives  
and relieves the pains at the monthly period.  
Secure a bottle of Wine of Cardui today.  
All druggists sell \$1.00 bottles Wine of Cardui.
